UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)

Management's Discussion and Analysis (Unaudited)

September 30, 2009 and 2008

Total assets of the University as of September 30 are as follows:

Net assets represent the residual interest in the University's assets after liabilities are deducted. Net assets are classified into one of four categories:

Net assets invested in capital assets, net of related debt, represent the University's capital assets less accumulated depreciation and outstanding principal balances of the debt attributable to the acquisition, construction, or improvement of those assets.

Restricted nonexpendable net assets consist primarily of the University's permanent endowment funds. While earnings from these funds may be expended, the corpus may not be expended for any reason and must remain intact with the University in perpetuity.

Restricted expendable net assets are subject to externally imposed restrictions governing their use. The funds are restricted primarily for debt service, capital projects, student loans, and scholarship purposes.

Unrestricted net assets represent those net assets not subject to externally imposed stipulations. Even though these funds are not legally restricted, the majority of the University's unrestricted net assets have been internally designated for various projects, all supporting the missions of the University. These unrestricted net assets include funds for various academic and research programs, auxiliary operations (including the bookstore, student housing and dining services), student programs, capital projects and general operations.

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)

Management's Discussion and Analysis (Unaudited)

September 30, 2009 and 2008

Net assets of the University as of September 30 are as follows:

All categories of restricted net assets increased by approximately 21% between September 30, 2008 and 2009 primarily due to the improvement in financial market conditions and due to the addition of restricted gifts to the University. Unrestricted net assets decreased from \$174,105,000 to \$161,883,000 between September 30, 2008 and 2009 reflecting the results of University financial operations during fiscal year 2009.

Statement of Revenues, Expenses, and Changes in Net Assets

Changes in total University net assets as reported in the statement of net assets are based on the activity presented in the statement of revenues, expenses, and changes in net assets. The purpose of this statement is to present the change in net assets resulting from revenues earned by the University, both operating and nonoperating, and the

Capital Assets and Debt Administration

Total capital asset additions for the University were approximately \$84,904,000 in 2009. During 2009, the Mitchell Cancer Institute, the Nursing and Allied Health Building, and a major addition to the University's central utility plant system were placed into service and the Football Field House was substantially completed. Significant construction projects that remain in progress at September 30, 2009 include the Student Recreation Center, Bell Tower, and the Engineering and Science Building. Significant projects in fiscal 2007 and 2008 included Building II in the USA Technology and Research Park, JagTran (the campus shuttle system), Meisler Hall, and various ongoing projects. At September 30, 2009, the University has outstanding commitments of approximately \$56,218,000 for various capital projects.

In a prior year, the State of Alabama made allocations from state bond issues to the University in the amount of \$21,332,000. During 2009, \$10,171,000 was recognized by the University and is reported in the accompanying financial statements.

(A Component Unit of the State of Alabama)
Management's Discussion and Analysis (Unaudited)
September 30, 2009 and 2008

The ten year history of State Appropriations for the University is as follows:

State Appropriations - Ten Year History

**Independent Auditors' Report on Basic Financial Statements
and Schedule of Expenditures of Federal Awards**

The Board of Trustees
University of South Alabama:

We have audited the accompanying basic financial statements of the University of South Alabama, a component unit of the State of Alabama, (the University) and its aggregate discretely presented component units as of and for the years ended September 30, 2009 and 2008, as listed in the table of contents. These financial statements are the responsibility of the University's management. Our responsibility is to express opinions on these financial statements based on our audits. We did not audit the 2009 and 2008 consolidated financial statements of the University of South Alabama Foundation, which represents 80%, 101% and (50)%, respectively, of the 2009 assets, net assets, and revenues, gains and other support of the discretely presented component units and 82%, 100% and (14)%, respectively, of the 2008 assets, net assets, and revenues, gains and other support of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the University of South Alabama Foundation, is based on the report of the other auditors.

In our opinion, based on our audits and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the University and of its aggregate discretely presented component units as of September 30, 2009 and 2008, and the respective changes in financial position and cash flows, where applicable, thereof for the years then ended in conformity with U. S. generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 13, 2009, on our consideration of the University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis on pages 1 through 11 is not a required part of the basic financial statements but is supplementary information required by U. S. generally accepted accounting principles. We have applied certain limited procedures, which consisted principally of inquiries of

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)

Notes to Basic Financial Statements

September 30, 2009 and 2008

(1) Summary of Significant Accounting Policies

(a) Reporting Entity

The accompanying basic financial statements present the financial position and activities of the University of South Alabama (the University), which is a component unit of the State of Alabama. The financial statements of the University are intended to present the financial position, changes in financial position and, where applicable, cash flows of only that portion of the basic financial statements and the aggregate discretely presented component units of the State of Alabama that is attributable to the transactions of the University.

The financial reporting entity, as defined by Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity* and amended by GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units*, consists of the primary government and all of its component units. Component units are legally separate organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the financial statements to be misleading or incomplete. Accordingly, the basic financial statements include the accounts of the University, as the primary government, and the accounts of the following entities as component units.

The University has adopted GASB Statement No. 39 which provides criteria for determining whether certain organizations should be reported as component units based on the nature and significance of their relationship with the primary government. The statement also clarifies reporting requirements for those organizations. Based on these criteria as of September 30, 2009 and 2008, the University reports the University of South Alabama Foundation (USA Foundation), the University of South Alabama Health Services Foundation (USAHSF), and the USA Research and Technology Corporation (the Corporation) as discretely presented component units.

The University is also affiliated with the South Alabama Medical Science Foundation (SAMSF). This entity is not considered a component unit of the University under the provisions of GASB Statement Nos. 14 and 39 because the University does not consider SAMSF significant enough to warrant inclusion in the University's reporting entity (see note 14 for further discussion of this entity).

(b) Professional Liability and General Liability Trust Funds

GASB Statement No. 14 requires the University, as the primary government, to include in its financial statements, as a component unit, organizations that, even ths th.lds

(o) *Scholarship Allowances and Student Financial Aid*

Student tuition and fees, and certain other revenues from students, are reported net of scholarship discounts and allowances in the statements of revenues, expenses, and changes in net assets. Scholarship discounts and allowances are the difference between the stated charge for goods and

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)

Notes to Basic Financial Statements

September 30, 2009 and 2008

promises that are expected to be collected in future years are recorded at the present value of the estimated future cash flows.

(s) ***Grants and Contracts***

The University has been awarded grants and contracts for which funds have not been received or expenditures made for the purpose specified in the award. These awards have not been reflected in the basic financial statements, but represent commitments of sponsors to provide funds for specific research or training projects. For grants that have allowable cost provisions, the revenue will be recognized as the related expenditures are made. For grants with work completion requirements, the revenue is recognized as the work is completed. For grants without either of the above requirements, the revenue is recognized as it is received.

(t) ***Net Patient Service Revenue***

Net patient service revenue is reported at estimated net realizable amounts due from patients, third-party payers and others for healthcare services rendered, including estimated retroactive revenue adjustments due to future audits, reviews, and investigations. Retroactive adjustments are considered in the recognition of

(A Component Unit of the State of Alabama)

Notes to Basic Financial Statements

September 30, 2009 and 2008

(3) Cash

Pursuant to the Security for Alabama Funds Enhancement Act, funds on deposit may be placed in an institution designated as a qualified public depository (QPD) by the State of Alabama. QPD institutions pledge securities to a statewide collateral pool administered by the State Treasurer's office. Such financial institutions contribute to this collateral pool in amounts proportionate to the total amount of public fund deposits at their respective institutions. The securities are held at the Federal Reserve Bank and are designated for the State of Alabama. Additional collateral was not required for University funds on deposit with QPD institutions. At September 30, 2009, the net public deposits subject to collateral requirements for all institutions participating in the pool totaled approximately \$6,589,000,000. The University had cash and cash equivalents of \$1,215,000,000 at September 30, 2009, and \$1,215,000,000 at September 30, 2008.

Terms

A summary of the transactions is as follows:

<u>Issue</u>	<u>Date of issue</u>	<u>Option expiration date</u>	<u>Effective date of swap</u>	<u>Term</u>	<u>date</u>

UNIVERSITY OF SOUTH ALABAMA
(A Component Unit of the State of Alabama)

Notes to Basic Financial Statements

September 30, 2009 and 2008

amortized and that amortization is included as investment income in the statement of revenues, expenses, and changes in net assets.

The intrinsic value of the payment to the University is considered a borrowing, and as such is included in long-term debt on the University's 2009 statement of net assets. Interest is being accreted on, and added to, the borrowing through the expiration date of the option. For the years ended September 30, 2009 and 2008, \$375,000 and \$269,000, respectively, was accreted and is included in interest expense in the statements of revenues, expenses, and changes in net assets.

Fair Value

At September 30, 2009 and 2008, the derivative transactions had a fair value of \$(17,986,000) and \$(12,290,000), respectively.

Risks Associated with this Transaction

Certain risks are inherent to derivative transactions.

Interest rate risk. Interest rate risk, as a result of rising short-term interest rates causing higher interest rate payments, is effectively hedged by the University's fixed rate bonds. If the counterparty exercises its option, the underlying swaps are expected to have a fair value of approximately \$10.5 million.

UNIVERSITY OF SOUTH ALABAMA

Blue Cross – Inpatient services rendered to Blue Cross subscribers are paid at a prospectively determined per diem rate. Outpatient services are reimbursed under a cost reimbursement methodology. For outpatient services, the Hospitals are reimbursed at a tentative rate with final settlement determined after submission of annual cost reports by the Hospitals and audits thereof by Blue Cross. The Hospitals’ Blue Cross cost reports have been audited and settled for all fiscal years through 2008. Revenue from the Blue Cross program accounted for approximately 23% and 20% of the Hospitals’ net patient service revenue for the years ended September 30, 2009 and 2008, respectively.

Medicaid – Inpatient services rendered to Medicaid program beneficiaries are reimbursed at all-inclusive prospectively determined per diem rates. Outpatient services are reimbursed based on an established fee schedule.

The Hospitals qualify as Medicaid essential providers and, therefore, also receive supplemental payments based on formulas established by the Alabama Medicaid Agency. There can be no assurance that the Hospitals will continue to qualify for future participation in this program or that the program will not

Notes to Basic Financial Statements

September 30, 2009 and 2008

All employees covered by this retirement plan must contribute 5% of their eligible earnings to TRS. An actuary employed by the TRS Board of Control establishes the employer-matching amount annually. During 2009, 2008 and 2007, the University made total contributions of \$32,465,000, \$30,252,000, and \$22,023,000 (100% of the required contributions), respectively, to TRS on behalf of participants, which represents 12.07%, 11.06%, and 9.36%, respectively, of each participant's gross earnings. The University's payroll for all employees was approximately \$295,647,000 and \$288,477,000 in 2009 and 2008, respectively. Total payroll for University employees participating in the Teachers' Retirement System of Alabama was approximately \$268,969,000 and \$257,466,000 in 2009 and 2008, respectively.

The defined contribution pension plan covers certain academic and administrative employees, and participation by eligible employees is optional. Under this plan, administered by Teachers Insurance and Annuity Association – College Retirement Equities Fund (TIAA-CREF), contributions by eligible employees are matched equally by the University up to a maximum of 3% of current annual pay. The University and the employees each contributed \$982,000 and \$951,000 in 2009 and 2008, respectively, representing 519 and 457 employees participating in this Plan.

(b) *Compensated Absences*

Regular University employees accumulate vacation and sick leave, subject to maximum limitations, at varying rates depending upon their employee classification and length of service. Upon termination of employment, employees are paid all unused accrued vacation at their regular rate of pay up to a maximum of two times their annual accumulation rate. The accompanying statements of net assets include accruals for vacation pay of approximately \$16,398,000 and \$16,197,000 at September 30, 2009 and 2008, respectively. The current portion of the accrual is included in

Notes to Basic Financial Statements

September 30, 2009 and 2008

(f) USA Research and Technology Corporations Leases

The Corporation leases space in Building I to a single tenant under an operating lease. The lease has a 10-year initial term with two 5-year renewal options. Under the lease, the tenant must also pay, or reimburse to the Corporation for expenses paid by the Corporation, property taxes on the building, common area maintenance, utilities, and general liability and property damage insurance. In 2009, the lease calls for a one-time increase in monthly rent of 4%. Beginning on November 1, 2008, after providing a one-year advance notice, the tenant has the annual noncumulative option to terminate up to 10% of the square footage covered under the lease. Such advance notice was not received by November 1, 2008 or 2009.

Space in Buildings II and III is leased under operating leases to the University and various other tenants. Space under lease to the University was 48,556 and 51,662 square feet at September 30, 2009 and 2008, respectively. Under these leases, the Corporation must pay all operating expenses of the buildings, including utilities, janitorial, maintenance, property taxes, and insurance. Tenants will reimburse the Corporation for such expenses only as the total expenses for a year increase over the total expenses for the base year of the lease (the Corporation's fiscal year beginning after the date the lease is signed). The leases have terms varying from one to ten years.

The Corporation had four and three ground leases in place at September 30, 2009 and 2008, respectively. One lease is for a 40-year initial term with 20-year, and 15-year renewal options. The second lease is for a 30-year initial term with four 5-year renewal options. The first and second leases were in effect for the whole of each of the years ended September 30, 2009 and 2008. The third lease was entered into on March 14, 2008 and has a 38.5-year initial term with 20-year and 15-year renewal options. The fourth lease was entered into on June 26, 2009 and has a 29-year initial term with two 10-year renewal options.

Minimum future rentals by fiscal year are as follows:

2010	\$	3,416,569
2011		3,211,788
2012		2,771,511
2013		2,197,768
2014		951,695
2015 – 2046		<u>7,689,999</u>
Total	\$	<u><u>20,239,330</u></u>
